

Waves, Coherent Structures, and Turbulence (WCST2019)

University of East Anglia, Norwich, UK

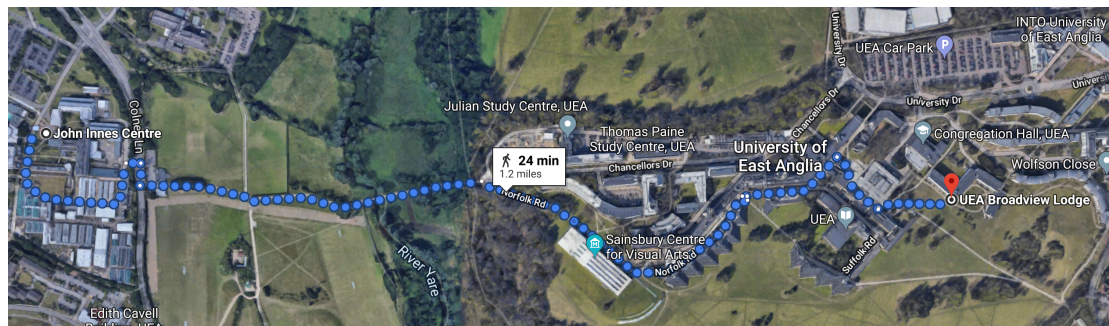

30th October – 1st November 2019

The workshops talks will take place at the John Innes Center (Norwich Research Park) and, on Wednesday afternoon, at the New Science Building (UEA). The maps of the Norwich Research Park and the UEA can be downloaded from the [workshop website](#).

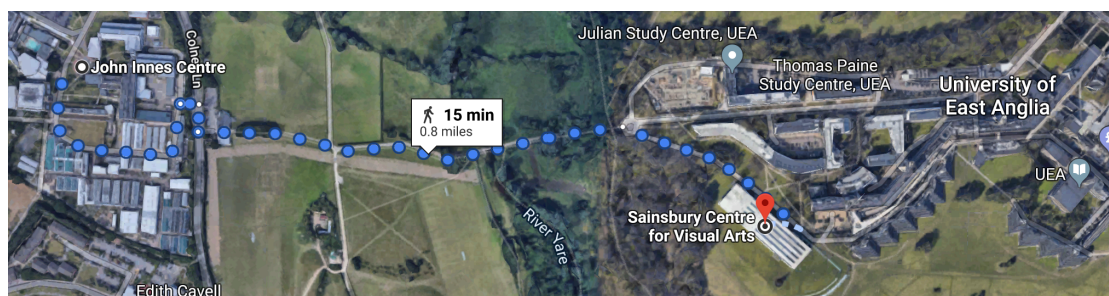

The poster session with drinks and nibbles on Wednesday late afternoon will be at the UEA Julian Study Centre, located just in front of the UEA New Science Building.

Lunches will be at the UEA Sainsbury Centre for Visual Arts.

From the UEA Broadview Lodge (your accommodation), you can reach the John Innes Center by walk (around 20-25 minutes), see the route below:

To attend the lunches, you can reach the UEA Sainsbury Centre for Visual Arts from the John Innes Center by walk (around 10-15 minutes), see the route below:

To attend the Wednesday afternoon session, you can reach the UEA New Science Building from the UEA Sainsbury Centre for Visual Arts by walk (around 3-5 minutes), see the route below:
